

This workshop is supported by Tampa Bay RACCA

Workshop is professionally managed by Construction Resources Group (CRG, Inc).

UNDERSTANDING COMPRESSOR FAILURES

This workshop will review the operation of scroll and reciprocating compressors. Attendees will learn how to determine true compressor capacity and understand how system issues effect the life of the compressor.

Topics Covered:

- Learn why compressors fail
- Identify the causes of mechanical failure
- Gain a better understanding of electrical failure
- Minimize repeat failures from review of system operations and service requirements

Industry Expert Instructor:

- **Bob Feathers**, HVAC TAC, Ft. Myers, FL
40 years industry experience including corporate trainer with Copeland.
